

The E-flite® Night Timber® X 1.2m adds an integrated high-intensity LED lighting system to the 3D and STOL-capable Timber® design so you can fly all day AND all night, too! It's also Smart Technology ready with a Spektrum™ Avian™ 60-amp Smart ESC installed (along with an AR637TA receiver in the BNF Basic version).

#### KEY SELLING POINTS

- Incredible Short Takeoff and Landing (STOL) plus 3D capabilities
- Integrated high-visibility LED lights to fly all day AND all night
- Oversized control surfaces with double-beveled hinge lines
- Six durable and factory-installed high-torque, metal-gear servos
- 60-amp Spektrum™ Avian™ Smart ESC provides real-time battery voltage, temperature and other data, plus reversing capabilities, via compatible receivers and transmitters
- Shock-absorbing landing gear with oversized tundra-style wheels
- Functional and factory-installed LED landing, navigation and strobe lights
- Lightweight yet durable composite-reinforced, hollow-core EPO construction
- Includes optional-use leading edge slats for improved STOL and slow flight performance
- Optional EDO-style floats available separately (EFL5261) to fly from water

#### DEALER BENEFITS

- Proven popular subject matter that appeals to a large customer base (Skill Level 2/intermediate pilots and beyond interested in STOL, sport and 3D aerobatic capable models with the added ability to fly at night)
- Includes Smart technology and is compatible with many existing Timber spare parts

#### PRICING

### COMPLETION ITEMS

The Bind-N-Fly Basic version requires a transmitter, battery and charger to complete.

The Plug-N-Play version requires a receiver, transmitter, battery and charger to complete.

#### BNF Basic Version:

- Full-range 6-7+ Channel Spektrum™ DSMX®/DSM2® compatible transmitter
- 3S 11.1V or 4S 14.8V 2200-3200mAh LiPo with EC3 or IC3 connector
- Compatible LiPo charger

#### PNP Version:

- Full-range 5+ Channel transmitter and receiver.
- 3S 11.1V or 4S 14.8V 2200-3200mAh LiPo with EC3 or IC3 connector
- Compatible LiPo charger

### SPECIFICATIONS

- Wingspan: 47.5 in (1200 mm)
- Length: 41.5 in (1055 mm)
- Flying Weight: 57-60 oz (1613-1698 g)
- Motor: (1) Brushless Outrunner (installed)
- ESC: (1) Spektrum Avian 60A Brushless Smart ESC (installed)
- Servos: (6) High-Torque Metal Geared (installed)
- Recommended battery: 3S 11.1V or 4S 14.8V 2200-3200mAh LiPo with EC3 or IC3 connector (sold separately)
- Radio (BNF Basic): Full-Range 6-7+ Channel Spektrum DSMX®/DSM2® (sold separately)
- Receiver (BNF Basic): Spektrum™ AR637TA Receiver with AS3X® and SAFE® Select (installed)
- Radio (PNP): Full-Range 5+ Channel (sold separately)
- Receiver (PNP): Full-Range 5+ Channel (sold separately)
- Experience Level (BNF Basic): Skill Level 2
- Experience Level (PNP): Skill Level 3
- Assembly Required: Yes
- Approx Assembly Time: Less than 1 hour
- Flaps: Yes
