

Focke-Wulf Fw 190A 1.5m BNF® Basic / PNP EFL01350 / EFL01375

The first E-flite Focke-Wulf ever is the most detailed, best handling and highest performance Fw 190A model yet! Extra Scale details and functional features, plus exclusive Spektrum Smart technology, provide a scale warbird experience like no other!

KEY SELLING POINTS & FEATURES

- The most detailed, best handling and highest performance large-scale Fw 190A model yet
- Scale replica of the iconic aircraft flown by the Luftwaffe during World War II
- Extra Scale details including a removable drop tank, molded-in panel lines, guns and much more
- Functional Extra Scale features including LED navigation lights, retractable main gear, split flaps and more
- Factory-installed, high-power 6S-compatible brushless motor with 3-blade prop and simulated engine cooling fan
- Fits 6S batteries from 3200-7000mAh to deliver level flight top speeds up to 80+ MPH and nearly unlimited vertical performance
- 100-amp Spektrum™ Avian™ Smart ESC provides real-time battery voltage, current, motor RPM and other data via compatible receivers and transmitters
- Spektrum™ AR637TA receiver with full-range telemetry (BNF® Basic version only)
- Easier to fly with innovative and optional-use SAFE® Select flight envelope protection (BNF® Basic version only)
- The unmatched stability and locked-in feel of exclusive AS3X® technology (BNF® Basic version only)
- Six factory-installed servos with precise ball-link equipped linkages
- Ball-bearing equipped wheels with treaded tires for added scale appearance
- Retractable gear with scale-like length, shock-absorbing struts for operation from a variety of surfaces including grass
- Unique 3-piece wing includes center section with main gear plus outer panels that snap into place without fasteners
- No glue required for assembly and can be ready to fly in less time than it takes to charge a battery

DEALER BENEFITS

- Make up to \$115.00 margin (per BNF Basic model or BNF Basic model + Battery Combo at launch)
- Unique subject matter that appeals to warbird enthusiasts and complements the popular P-51D Mustang 1.5m
- Smart technology and telemetry with AR637TA receiver (BNF Basic version only) and Avian ESC (both versions)

Focke-Wulf Fw 190A 1.5m BNF® Basic / PNP

EFL01350 / EFL01375
