OVERVIEW

Stampede 4X4 VXL - Now with Self-Righting!

1/10 Scale Brushless High-Performance Monster Truck with Traxxas Stability Management!

- Traxxas Stability Management® (TSM)
- TQi 2.4GHz Radio System
- America's Most Popular Monster Truck!
- Waterproof Electronics for All-Weather Driving Excitement
- Extreme Brushless Power For a Top Speed of 60+mph!

TRUCK OF THE YEAR RC Car Action Magazine

Powered By Passion

The Stampede 4X4 VXL is engineered like no other to turn extreme power into extreme monster truck fun! Traxxas Stability Management (TSM) lets you experience Stampede's extreme power, speed, and acceleration by making it much easier to control on slippery surfaces such as loose dirt, smooth concrete, and even ice and snow. The efficient, low-mass drivetrain is totally optimized for the brutal torque of Velineon brushless power, and following the legacy of the Stampede name, this 4X4 is overbuilt and Traxxas Tough to withstand all the 4-wheel drive monster mayhem you can dish out. The patented adjustable wheelie bar is required equipment as Stampede 4X4 launches hard, sending the front wheels soaring for the sky. You're in full control with the Traxxas TQi 2.4GHz radio system and the superior handling of fully independent suspension and smooth bellcrank steering. Choose a 7-cell NiMH battery (sold separately) for 35+mph speed or install a 3S LiPo pack, and Stampede 4X4 shatters the speedometer with 60+mph speed! It's brushless done the Traxxas way: brutally fast and easy to use.

Proven, Class-Leading, Velineon Brushless Power

The Traxxas Velineon Brushless Power system defines a whole new generation of outrageous electric power. Pour in the voltage and out comes the speed in tidal waves of force harnessed by precise throttle control. The Velineon 3s components work together as an optimized package, from the patented Traxxas High-Current connector to the custom-wound motor. It delivers the ultimate in efficiency, speed, and run-time along with refined control. It's brushless performance the Traxxas way: wicked fast and easy to use. Just plug it in and it works, no special knowledge or programming skills required!

~ Battery and Charger Sold Separately ~

Add a Traxxas Battery and Charger for the Ultimate Combo!

Stampede 4X4 VXL lets you choose the performance you want!
Select the right Traxxas iD battery to fit your needs from the options below

Speed	30+ mph	40+ mph*	60+ mph*
Battery	2926X (1) 3000mAh NiMH	2843X (1) 5800mAh 2S LiPo	2849X (1) 4000mAh 3S LiPo
Pinion/Spur	11-T / 54-T	17-T / 54-T	17-T / 54-T
Skill Level	1	4	5

Larger pinion gear/smaller spur gear combinations are for high-speed running on hard, smooth surfaces only.
*With included optional gearing

EZ-Peak	2970 EZ-Peak Plus	2971 EZ-Peak Live	2972 EZ-Peak Dual
Charging Amperage	4-amp	12-amp Bluetooth*	4-amp (dual) 8-amp (single)

100% Fully Assembled and Ready-To-Race®

Stampede 4X4 VXL comes fully-assembled and Ready-To-Race® with Traxxas Stability Management, TQi 2.4GHz radio system installed and adjusted, Velineon brushless power system, a painted and decaled body, pre-glued tires, and detailed instructions. Just select the battery and charger of your choice to complete the package. Traxxas backs Stampede 4X4 and all of our products with top-notch support that is second to none. A staff of skilled representatives is on-hand to answer your questions via phone, website, or e-mail. Unmatched parts support allows Stampede 4X4 to be serviced with parts and support from thousands of hobby dealers worldwide. Your investment is also protected by the Traxxas Lifetime Electronics Warranty. Traxxas goes the extra mile to ensure that your R/C experience is easy and fun (and fast!). Follow the details link at left to go in depth on all the Stampede 4X4 performance benefits, and also be sure to check out the videos page to see Stampede 4X4 in action for yourself.

QUICK FEATURES ON STAMPEDE 4X4 VXL (#67086-4)

- Traxxas Stability Management (TSM)
- Chassis designed specifically for Stampede 4X4
- Dual-bellcrank steering with integrated servo saver
- Unique Shock Guards protect the suspension arms and shocks
- New Heavy-Duty driveshafts
- Velineon Brushless Power System
- 4-Position Wheelie Bar
- Revo-spec sealed, silicone-filled differentials
- TQi 2.4GHz Transmitter and Receiver
- Waterproof Electronics
- Digital high-torque steering waterproof servo
- Rubber-sealed Ball Bearings

MODEL 67086-4: Fully assembled, Ready-To-Race® with Traxxas Stability Management, TQi™ 2.4GHz radio system, Velineon® Brushless Power System, and ProGraphix® painted body.

Add Telemetry To Any Traxxas Model

Telemetry feedback requires a TQi Radio System with Traxxas Link Wireless Module or a TQi Radio System with Docking Base. Android, iPhone, iPad and iPod touch not included. Traxxas Link sensors and accessories sold separately. To experience all of the exciting TQi features, you must download the Traxxas Link app from the App Store or Google Play.
